- Halfords

### **Activities and Interests**

I love attending my Theatretrain school (singing, dancing and acting), socialising with friends & family and reading.

Mum often drags me around the shops but I suppose it's got me used to trying on loads of clothes so I don't get bored easily on my catwalk jobs! I have no choice about travelling as mum and dad love it – they want me to explore the world. I love swimming and when I grow up I actually want to be a Mermaid.... (and continue to work for Alan Sharman agency of course!). I also enjoy riding my bike.

**Other comments**

I do not drive but Mum and Dad do, I am available weekdays and weekends, and mum and dad will work around my working hours. They work full time but love using their Annual Leave to see me progress my modelling career.

I understand equal opportunities and have worked with big people, small people, cats, dogs and Ice age mammals ! I follow health and safety rules and regulations so I promise not to putt the wire whilst the camera is rolling.
