

ALAN SHARMAN AGENCY

Sophie T

"A born and raised Yorkshire Lass you could say I'm in the perfect job, after all, us Yorkshire folk do like to talk. Originally starting my career in modelling, it was at a chance audition for a new show presenting the 49s Lottery that showed me what my true forte was.

Within one month of landing the job I had gone from back-up presenter to one of the main six presenters on the live shows". "Since then I have gone on to, and currently present for MUTV on Match Day Live. My key interests and expertise vary across the board from sports, horse racing and beauty to being a self-confessed movie buff. Comfortable in both studio and on location I'm often know for my warmth and friendly presenting style"
